

Math Club Survey

Describe your favorite aspect of this club, and explain what you like about it (if applicable).

Describe your least favorite aspect of this club, and how you suggest that we can make it better.

Rank our club on quality of education, on a scale of 1-10 _____

Rank our club on efficiency of time, on a scale of 1-10 _____

Rank our club on level of enjoyment, on a scale of 1-10 _____

Check the following items you'd like to see in the future:

_____ Guest Speakers (hobbyists, former competitors, designers)

_____ Presentations (presenting about topics chosen by the club)

_____ Community Involvement (working with elementary and middle schools)

Is our email thread this year helpful? If not, how can it be improved?:

please continue on the back -->

Have you visited our website ([<insert website here>](#))?

If so, rank its usefulness on a scale of 1-10 _____

We've had a few fun events this year (pizza & puzzles, etc.).
Which ones did you enjoy, and what events would you like to see
in the future?

Do you think that we should get our own math club T-shirts? ____
If so, would you be interested in helping with the design? ____

For tutors

On average, how long do you tutor for each meeting? _____

Do you find our environment to be suitable for tutoring? _____

Do you record the cumulative hours that you've tutored? _____

Please list any tutoring-related suggestions you may have below:

For tutor recipients

How helpful (rank from 1-10) have your tutors been? _____

How often do you come to math club for tutoring? _____

Is our club environment suitable for you? _____

Do you find there to be enough tutors at all times? _____

Are there any subjects that you'd like to discuss as a club?

Thank you for participating in this survey!
